Car

Travelling by car into central Cambridge is not recommended at peak times. Central Cambridge parking is very expensive. It is not possible to travel directly north-south through central Cambridge, and an up-to-date SatNav system is recommended in order to negotiate the one-way systems. We recommend you follow the motorway/trunk road signs to one of the Park & Ride sites listed above. A limited number of parking permits for Downing College are available by prior arrangement.

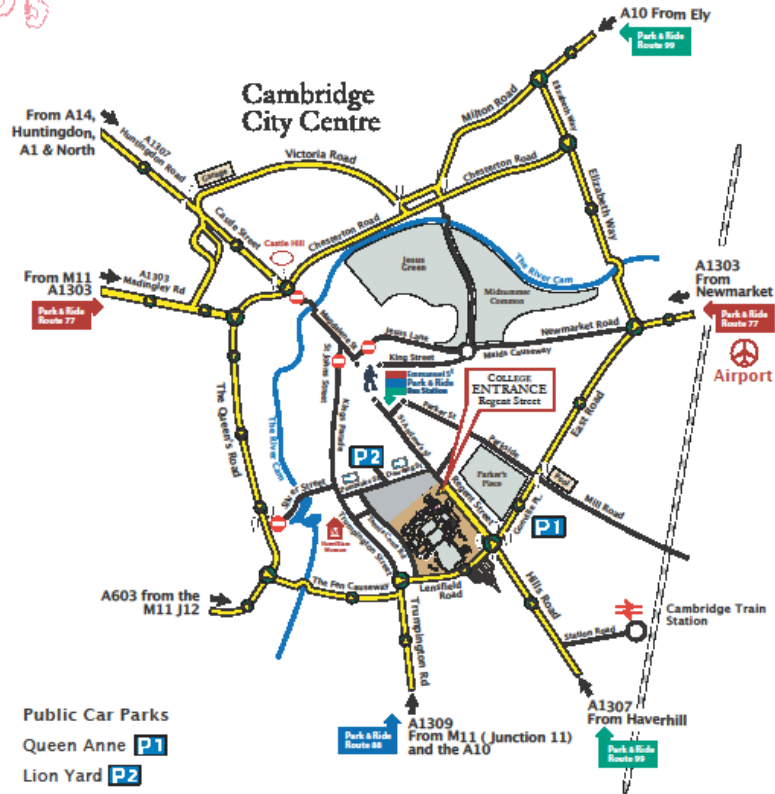

Downing College

The entrance to Downing College is via Regent Street. Trumpington Park&Ride buses stop in Downing Street at John Lewis. The other Park&Ride buses stop at the Bus Station. For further information regarding location and conference facilities, see the College website
